### \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

### ANOTHER BIG ZEPPELIN DOWNED NEAR LONDON

London, October 2, 12:45 a. m.—Another Zeppelin raid against London and the east coast of England is in progress. An airship is reported to have been brought down in flames north of London, according to the official statement issued shortly after midnight.

Great crowds cheered the spectacle of the burning Zeppelin as it fell in the London district. The great flare from the burning aircraft was visible from a considerable distance.

Four Zeppelin raids on London and the east coast have been carried out in the last month, the more recent attacks being made by airships of the newer and bigger types. On September 2, one Zeppelin was struck while flying over the London district, and fell in flames.

Two Zeppelins were destroyed in the raid of September 23. On that occasion the raiders killed thirty-eight persons and wounded 125. The following night, in another raid, in which the airships apparently escaped without damage, they killed thirty-six persons and wounded twenty-seven.

In the raid of September 2 only two persons were killed and thirteen were injured.

Four electric buses operated as an experiment on the streets of London, England, covered a total distance of 65,470 miles within the year without accident or repairs.

### FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With  
Theodor's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Theodor's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Though not a Kentuckian, and having lived in the state only a little over a year, President Ganfield, of Center College, Danville, is fast making friends in all parts of the state. No man has been so in demand for addresses on public occasions during the last year. As soon as he arrived in

the state he connected himself with all the movements that are trying to make this a greater state. His experience in educational and religious movements in the North and West give him a fund of information that enables him to speak with a broad outlook. The committee is glad that Dr. Ganfield could be one of the speakers at the Somerset Convention in October.

### WHEN JULIUS CAESAR RAN THE NEWS

There was no stereotyping plant, when Julius Caesar was extant. No Mergenthaler sang his song. Octuples had not come along. There was no ink in reds and blues, when Julius Caesar ran the news.

When Julius Caesar needed news, there was no telephone to use. He had to climb aboard a horse and get exclusive scoops by force. There was not then, as we may guess, a good Associated Press.

Because his method thus was crude; they buried those he interviewed which seems to indicate a lack of finer reportorial knack. Still one good point is clearly spied. His interviews were not denied.

When Julius Caesar edited, exchanges were not credited. When he met items face to face he grabbed them quickly to fill his space. Thus normally he came to be the first great editorialist.

In many another matter, too, he did just what we fellows do. He always did the modern stunt. He always put the news up front. He gave his staff assignments tough and kept his galleys full of stuff.

### CHURCH FLOOR COLLOPSES

Binghamton, N. Y., October 1—Fifty-three persons were injured this afternoon when the floor of the First Presbyterian Church, of Johnson City, collapsed during the services being held in connection with the laying of the cornerstone. Seven of this number are seriously hurt, but it is believed all will recover. Two hundred and fifty persons were hurled into the basement, eighteen feet below, when the floor gave way, and it was nearly a half an hour before all had been released.

The floor was a temporary one constructed to care for the dedication crowd. The pastor stated tonight that the responsibility could be placed on no one, since several contractors had expressed their belief that the floor was safe. All of the injured are residents of this city.
